

ELEGANCE S5-SR

Surround speaker

Elegance S5-SR

Description

The Elegance Surround loudspeaker has been developed to complete the Elegance line for multi-channel AV setups. As could be expected the shape of cabinet has similar curves as can be found on the standing dB7 and dB9 series, to realise smooth curves and promote acoustic invisibility of the surrounds.

The more coherent and smooth the total multi-channel field, the more realistic the sonic experience will be. The seamless integration of the elegance surrounds with the main channels are also supported by the extended low frequency of the surrounds, much beyond what would be expected given their modest size. The Elegance surrounds are actually high-end 2-way monitors, with wide dispersion.

The usage of this surround is highly recommended for a full AV- elegance experience.

Technical specifications

System:	2-way
High driver:	1 x ¾ inch Soft dome tweeter
Low / Mid driver:	1 x 5 ¼ inch Sliced paper cone driver
RMS Power:	50 Watt
Program power:	150 Watt
Frequency range:	80Hz - 30 kHz
Impedance:	4 Ohm
Efficiency 2,83V / 1m:	88 dB
Maximum SPL:	110 dB

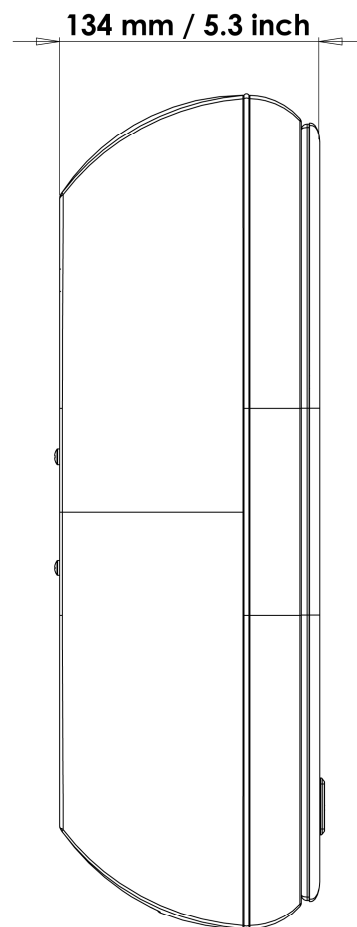

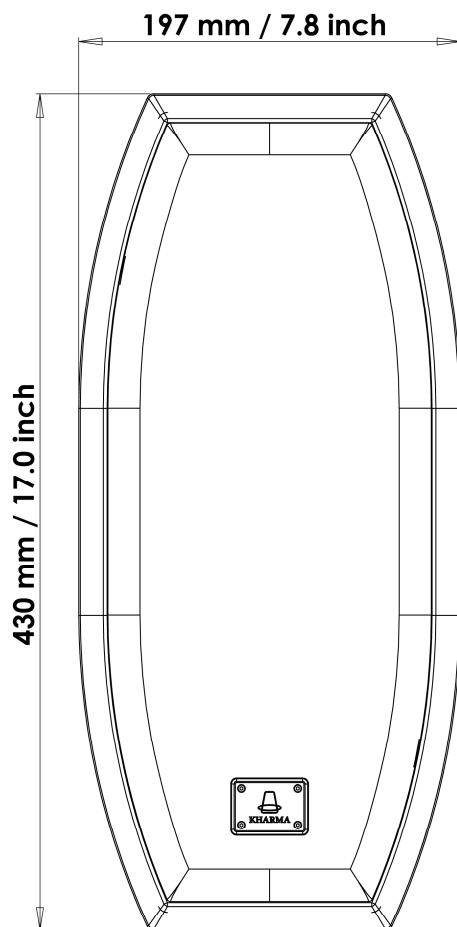

Dimensions

Height: 430 mm / 17.0 inch

Width: 197 mm / 7.8 inch

Depth: 134 mm / 5.3 inch

Nett weight: 4.5 kg / 9.9 lbs

Product Program Structure

A Kharma product must not only have an unbelievable refined sound, which meets the needs of a true music lover, but also must have an astonishing finish to compete with the musicality of the system. As known by Kharma, every customer can have a taste of its own. Therefore Kharma developed two programs to be able to fulfil all levels of customization.

Primary Stock Program

This program has been targeted as to create the shortest possible delivery time for the official Kharma products. This program is therefore based on the most popular Kharma finishes, which have proven their looks in the past by many successful sales. In this way we can deliver both the high refined sound as the astonishing finish that can be expected from Kharma.

Primary Stock Program - Cabinet colours *:

Aubergine
Piano Black

Kharma Optionary Program

The visual tuning in the Optionary Program will give the customer the opportunity to choose between special selected Kharma colours. These colours have a higher level of customization and therefore the delivery time will be slightly longer than a Stock Program colour. There is only extra charge for the indicated special colour in this program.

Kharma Optionary Program - Cabinet colours *:

Titanium Grey
Charlie Brown
Bronze
Majestic Purple
**3.57 Gun
Smoke Grey**
Aphotic Green
**Mother of Pearl
White [special]**
**Sub Zero
Blue**
**Sparkling
Champagne**
**Diamonds
in Black**
Burgundy Red
Piano White

* Colours shown only give an indication of the real paint colour, contact your dealer for references.
